

**NEW to ABQ ®**  
**Thinking of Moving Here and Buying a Home?**  
**Schedule a personal tour of areas to live in...**

As a local real estate professional and native Albuquerquean, I have explored many of the city's neighborhoods and helped hundreds of clients and friends explore Albuquerque to find the ideal area to live and home to purchase. I've also found that the best way to begin that process is see the town up close.

When you are in the market for a new home, I'd be happy to work with you to take you and your family on a personal tour of the city. To schedule a tour, please complete the following questionnaire and email it to me so we can discuss your individual goals and schedule a private tour:
